INTRODUCTIONS

It feels like a lifetime ago when I was writing the first ever introduction to this beer festival and what a thrilling journey it's been since then!

UK craft beer was very much in its infancy, as was our own brewery Kirkstall. Despite being the Leeds International Beer Festival at its inception, we quickly came to realise that this was an incredible chance to showcase the internationally-inspired craft movement that was flourishing in our own country. There are still nods to the godfathers of the industry, Sierra Nevada etc, but this has very much become a celebration of home-grown talent.

Maria and Darren (Daz 'n' Maz) have helped to change the way we look at festivals. A more experience and emotion-led event rather than just drinking. Great beer at festivals should be a given, great festivals are few and far between.

I'm insanely proud to have been part of the process and especially now we're at this incredible venue.

This country boasts some of the finest brewers in the world, let's enjoy them.

John Kelly

Kirkstall Brewery

kirkstallbrewery.com

Leeds is a beer city. From Melbourne Ales and Joshua Tetley in the early 1800s, to Kirkstall, Northern Monk, Anthology and many more today. We held our "Leeds, Leeds, Leeds" beer festival at Whitelock's in June this year, and were delighted to showcase and celebrate 16 different Leeds-based breweries.

And the beer culture of Leeds is not based solely around the amazing breweries that we are home to - but also the pubs and bars and venues which celebrate and support independent beer culture year round. We're looking at you - The Adelphi and The Banker's Cat and Brownhill & Co and Raynville Superstore and Bottle Chop and Amity and many, many more!

And Leeds International Beer festival is where you will find both the very best of these Leeds and Yorkshire breweries and venues - and also the best and most interesting UK and international breweries.

We are absolutely honoured to be pouring our beers and to be supporting LIBF once more this year - and please, always support independents, never take anything for granted, and please celebrate the many volunteers and hard working professionals that make the LIBF a success year in year out, since the OG in 2012.

Leeds International Beer Festival - we salute you!

FESTIVAL INFO

THE 12TH EDITION OF LIBF RETURNS TO KIRKSTALL ABBEY, AND WE'VE TAKEN OVER THE ENTIRE VENUE, INCLUDING THE CHURCH, COURTYARD AND CLOISTER.

The handy map on the centre pages in this guide will help you find your way around - remember each session last for five hours (except the Thursday session which lasts for 6 hours), so there's plenty of time to explore everything the festival has to offer.

Last orders are called 30 mins before the end of each session. The breweries will stop taking orders 15 mins before the session end time.

All the beers and ciders available at this year's festival are listed alphabetically by brewery on the following pages. There's also info on the food stalls and live music/DJ sets throughout the festival.

There will also be plenty of bins on site. Please help us to keep the site clean by disposing of your own rubbish.

'Pass outs' will not be available this year. If you choose to leave before your session ends you will not be re-admitted.

A FEW THINGS TO BE AWARE OF:

Due to the nature of the site, the ground in some areas is quite uneven and there are some small steps - so make sure you watch your step.

Ramps will be in place across the site to ensure full accessibility.

Kirkstall Abbey is also a protected monument so please don't climb on any part of the ruins. Anyone breaking this golden rule will be ejected from the festival site.

There is **no** smoking or vaping on site.

FESTIVAL PAYMENT

The festival will use a contactless payment system, and all the breweries and food stalls will be able to accept card payments. **No cash payments will be accepted.**

Tokens from previous festivals, that you may still have in your possession, will no longer be accepted as payment.

KEEPING SAFE

We have a **zero-tolerance** policy toward any form of discrimination or harassment. Any complaints will be taken seriously and dealt with promptly. The festival has always been inclusive and accessible for all. Please treat everyone with respect.

If you see or are a victim of any form of discrimination or harassment, please notify a member of security or a member of the festival team at once.

If you have any suggestions or comments about the festival please let us know via email at leedsbeer@leeds.gov.uk & Twitter [#LIBF12](https://twitter.com/LIBF12)

For all the latest information visit www.leedsbeer.com and [@leedsbeer](https://twitter.com/leedsbeer).

Programme listing correct at time of going to press. Some of the listed beers may not be available all the time at each session. Selections are made by the participating brewers.

WAYWARD WINES

amitybrew.co
@amitybrewco

WAYWARD

Wayward started back in 2017 as a small shop and bar up in Chapel Allerton. The focus was on natural wine from small European producers in a casual setting that made them easily available in Leeds for the first time.

The idea was that the wine would always come from small, low-yield vineyards farmed without chemicals and the wines would be made simply from the grapes – nothing added or taken away.

Seven years later and the shop is going strong, now with the addition of Wayward Imports, an arm of the business that works directly with over 20 growers across France, Italy and Spain.

Working closely with restaurants and bars in Leeds and beyond, Wayward now distribute these wines to like-minded businesses around the country. You can try a selection of them at the Bundobust Tifi this weekend.
